RE: Mountain View Community Church; PDS2014-MPA-14-005;
Cultural Resources - Negative Findings

Dear Ms. Lennox:

Please be advised that a survey has been conducted on the above referenced project. It has been determined that there are no cultural resources present on this property. The project has been plotted on the attached USGS 7.5 minute topographical map for your information.

County: San Diego

USGS 7.5' Quad: Ramona; Section: N/A; Township: N/A; Range: N/A;
Land Grant: Valle de Pamo or Santa Maria

Address: 1191 Meadowlark Way
City: Ramona State: CA

Thomas Brothers: 1152/F3

Other Locational Data: The project site is located within the Ramona Community and is on the northeast corner of the intersection of Ash Street and Meadowlark Way.

Assessor Parcel Number(s): 280-041-43, 280-041-22

Elevation: 1560 AMSL

Owner and Address: Mountain View Community Church
1191 Meadowlark Way
Ramona, CA 92065

Survey Type: Intensive Pedestrian
Date of Survey: August 17, 2014
Field Crew: Donna Beddow

Description: The field survey was conducted using standard archaeological procedures and techniques. For the most part, continuous parallel transects (3-5 meters) were walked in an east/west direction. Survey conditions in these areas were excellent. Vegetation was sparse and the majority of the area was open and visible. Rodent burrows were examined for the presence of cultural resources. Fill soil has previously been placed on the site to create a flat pad on the southerly parcel. A culvert and man-made drainage is present just north of the flat pad. This project is an expansion of the existing church. No resources were identified.

Prior Research: Staff conducted a records search of the surrounding area using the California Historic Resources Inventory System (CHRIS). The project site was previously surveyed by Richard Carrico in 2003 with negative results. Twenty-two studies (APEC 81-25; Beddow 02-13; BerryS 78-62; Carrico 91-06, 03-293; CookJ 95-118; Corum 79-25; Cupples 75-18; Hector 06-164; Jenkins 85-04; Laylander 85-20, 85-40; Recon 87-71; Saunders 93-02; Strudwick 92-02; Toups 79-06; Wade 00-73, 02-132; Wades 06-137; WhatFJ 07-01; Wright 07-131) have been conducted within a one mile radius and 28 sites were identified. The nearest archaeological site is approximately 1/3 mile from the subject property.

Native American Consultation: A Sacred Lands check was submitted to the Native American Heritage Commission (NAHC) and consultation is on-going.

If you have any questions, please contact me at (858) 694-3656 or by email at donna.beddow@sdcounty.ca.gov.

Sincerely,

DONNA BEDDOW, STAFF ARCHAEOLOGIST
